Dear Mr. President,

Dear Janos,

I have a pleasure to inform you that our Bar, in co-operation with the European Association of Lawyers and Faculty of Law of the Łódź University is organizing on September 2, 2016 in Łódź, Poland, a conference on European family law and maintenance obligations as well as on practical aspects of performing the profession of a lawyer.

In present times many people move across the European Union seeking for a job; this situation causes many problems in family relations, particularly those related to divorces and maintenance obligations. We think that it would be a good opportunity to share with lawyers from our part of the continent information about European regulations and foreign provisions in this area of law. We will have speakers from those jurisdictions, where most of the Eastern-European people moved last years (Belgium, France, Germany and United Kingdom).

The second part of the seminar will be devoted to issues related to every-day practice, such as law firm management, legal marketing, corporate social responsibility (CSR) or future of legal services. We believe that the seminar will be a valuable event for every practitioner of law.

As the topics described above are, in our opinion, interesting not only for Polish lawyers, but also for colleagues from Hungary, I have a pleasure to invite Hungarian lawyers to participate our event. The programme and registration form is attached.
The deadline for registration is August 20, 2016, the latest. **There is a special discount for lawyers from Central and Eastern Europe - conference fee is only 125 euro**; we recommend the Hotel Ambasador Centrum ([http://www.hotelambasador.eu/en/centrum/hotel](http://www.hotelambasador.eu/en/centrum/hotel)) with special rates (the code “AEA-EAL conference”).

I do hope that participation of Hungarian lawyers in this conference will be a very good opportunity to establish personal relations with Polish colleagues and may contribute to development of mutual relations, new ideas of common activities and cooperation on professional field. This would also strengthen the contacts between our Bars for the benefits of our members.

Kind regards,

Maria Ślązak
